

Friday 18th January 2019

This week's learning

This week we were learning about wild animals. The children played in different areas with different animal habitats. They explored safari animals, animals living in rainforest and jungle animals.

This week we also focused on writing our names. We practised a lot and we are getting better and better every day.

We also made tasty and healthy oat carrot biscuits. The children enjoyed measuring ingredients, cracking the eggs and whisking butter with different spices.

Next week's learning

Next week we are going to be reading The Rainbow Fish, talking about sea animals. We are going to make fish cakes on Wednesday and exercise our muscles with yoga on Friday.

Stay and Play

From Tuesday 15th we would like to invite you to Stay and Play with your child. You are welcome to stay with us from when the gate opens until 9:15. For the afternoon Children the parents are welcome to stay with us until 1pm.

Makaton sign of the week

We have started to introduce children to Makaton – a simple way to communicate using signs. Ask your children if they know the sign for animal and fish.

Reading at home

Books will be changed every Monday and Friday. We will also provide a blue reading record book - we would be grateful if you could write a comment telling us if your child enjoyed the book.
