

Hello 2 Jet!

What a strange few weeks we have all had! I have been seriously missing you all. I hope you are all doing well, staying safe and looking after each other at home.

The last couple of months in 2 Jet have been some of my favourite times. We have accomplished so much together and learnt so many new things. The amount of hard work you put in was incredible and I am very proud of you all.

Like all the other schools in the county, our school is closed and we all have to stay home. This will help stop the spread of the virus and keep everyone safe. It is our job to make sure we stay indoors and look after each other. This means listening to your parents and carers, helping out with jobs around the house and being kind to each other. I'm certain your parents and carers are enjoying having you at home with them more often now!

One thing I don't want you to worry about is missing any learning. The teachers have all worked extremely hard to put together learning packs for you to complete while you're at home. All the topics in these packs are things that we have covered throughout the year, so you should be able to complete it. If you find something difficult, I know your parents and carers are smart cookies and can give you a hand!☺ Don't forget, we all have our Reading Buddy and Rockstars passwords! I have been online to check if you are using these and I'm happy to see that most of you are. Well done!

I have been thinking about you all so much and wondering what you have been up to whilst staying home. It is important that we all keep busy and don't sit in front of the TV watching cartoons all day so I am preparing your next home learning packs. I have also been making sure I do some exercises every day to keep fit and healthy. I have been doing lots of cooking and I have even started a 1000 piece puzzle. What have you been up to?

You could do some different activities such as exercising with Joe Wicks (<http://tiny.cc/kit7lz>), cooking with your parents, cleaning the **entire** house or maybe even creating a treasure map in your house. If you do any arts or crafts, make sure you take some pictures for me. I would love to see everything you get up to when we can finally meet again.

I am really missing you all and I can't wait until we can all be back together again at school. Please try and stay happy and positive while you are at home.

I will be in touch again. If you want to write a letter back to me that would be fantastic and you can show it to me when we meet again.

Stay safe and happy!

Best wishes,

Mr. Stevenson

Ps. I have been using GoNoodle all the time. Every day I have been dancing to our class favourite, Feel It Still!
